Dear Terry:

Congratulations on your wonderful demonstration of the therapeutic values of humor. Our annual conference is the only time we bring all staff together from our 28 locations. You helped to make over 300 of us to feel connected and part of a large family. Instead of lecturing us, you helped us to feel and to think about laughter in a new way.

Our conference evaluations overwhelmingly named you as "the best part of the day." I'm sure many of us take our work and our student's problems home with us; your presentation will remind us that we can work more effectively with laughter.

I regret to report that our tape machine malfunctioned! We didn't "get" your talk. No, I don't think this had anything to do with your Nixon impersonation. Our technician is nonplused.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jim", written over a light blue circular stamp.
